The purpose of writing this book is to create a manual for those who are looking forward to a resource to transform themselves. Most of the time we know about the right actions but we are so hard pressed with time that initiation is not taken. The power to create that meaningful change is inside all of us and we need a tender support and guidance to have meaningful and prosperous life. This resource would help all those who are seeking this transformation and desire to have a lasting positive change in life. The way of implementing these transformative ideas would be different for each individual and can only be understood and designed with experience. Reading can only help you to appreciate it but to bring an enduring positive change you need to execute and experience its power in your life. Real change would come from the output you will get by the end of each week. All ideas presented in this work will not have equal effect on all readers; some ideas may work well on some individuals in comparison to others, certain ideas may not be applicable for few readers who may redesign it in their own context. A complete sincerity towards this transformation process would be the most important tool to gain the true benefits of this journey. By taking it casually you would only improve your knowledge about the success principles of your...
