By Gary Nathan Calkins

Forgotten Books, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Biology The subject matter of general biology, as presented in current text books, is variously interpreted. In some it means an introduction to the essential structures and vital manifestations of animals and plants. In others it means the discussion of hypotheses and principles of biology. In others it becomes an encyclopoedia of the facts of physiology, hygiene and ecology. With the first method the course is based largely upon laboratory work and the principles are illustrated with specific types. The second and third methods are largely didactic and are illustrated by examples taken at random from the entire animal or plant kingdom. We believe thoroughly in the type and laboratory method of instruction, and in choosing the types with such care that they serve as points of departure for various lines of development in subsequent course work. The present work is based upon the excellent course outlined in Sedgwick and Wilson's General Biology which occupies so prominent a place in the teaching of American biology, and my only excuse for offering another to the...
