His story takes us from Scotland to North America and Asia and describes his morbid obsession and heartbreaking addiction to this powerful and destructive drug. This is a graphic description of active alcoholism and his relapse from sobriety into the downward spiral of chaos and misery that picking up that first, fatal drink after twenty three years of sober living can inflict on the alcoholic. His journey is often heartbreaking but there is also great hope and the fervent promise of recovery and salvation. This book may also help those who have been affected by a loved ones alcoholic drinking to better understand the desperation and insanity of the performing alcoholic s mind.
