Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Truth and Counter Truth There are certain fundamental truths of revealed religion which it is impossible to state explicitly without running counter to other truths, as necessary and as well established as themselves. What, in such a case, are we to do? May we receive the one and reject the other? Such is the way of heresy. May we side with the one and neglect the other? That were partisanship. We are to receive both, and to hold to both; this is to prove and test our Faith. The relation of Divine Omnipotence to mans free will is a case in point. God s almighty power is a truth that admits of no question: it is simply to say, God is God. But the Divine Omnipotence has for a counter-truth the fact of man s free agency. This too, is a truth that admits of no question; it is simply to say, man is man and not a machine. Now if we keep the eye fixed exclusively on the power of God, we shall incline towards Fatalism: if, with the Pelagian, on the other hand, we regard man as an absolute cause, we overturn the very foundations of the mystery of grace. It is of Faith to receive both truths: the trial and test of Faith is to hold to both positively and without reserve.
