Trail of the Viking is the first series of stories about Those Amazing Dogs. It includes the complete text from books one through five, including African River Adventure, In the Viking Volcano, At the Arctic Circle, At the Pirate Bay, and On the Coral Island. This exciting story follows Max, Molly and Oddie (a Lhasa Apso, a Yorkshire Terrier and a Pit Bull) on their journeys with archaeological adventurers Felix and Erica Strong. From the rain forests of central Africa, through the frozen Arctic, down through Mexico and across the ocean to a mysterious island in the South Pacific, this group follows clues and seeks to uncover the links between lost civilizations and a seemingly impossible map discovered among 1000 year old Viking artifacts. The stories are crafted to inspire kids and adults alike with the imaginative characters and a broad historical foundation. The dogs and their human companions learn through their adventures that not only is our planet a small and connected place, but that there is also much in common between the past and present. With the spirit of Indiana Jones and other classic cliff-hangers, the dogs find themselves hot on the heels of their archaeologist...
