By Robert R Geyer

Hardback. Book Condition: New. Not Signed; With the growing challenges of economic globalization and national welfare state retrenchment, the development and future of EU social policy has become increasingly important. The book concludes by arguing against both sides of the strengthening/weakening debate, calling for a more subtle analysis of the effects of EU social policy on national social policy regimes. This book is the most up-to-date and comprehensive available and offers the reader a detailed and accessible exploration of the area. It will be essential reading for anyone studying the EU or national social policy, as...
