His [2014] thriller is no exception. The story examines what can happen to people who use online dating sites, and his hypothesis builds to a truly frightening conclusion. Coben's meticulous plotting and his incorporation of the technology are first-rate. What sets the plot in motion is when a friend of NYPD detective Kat Donovan enters Kat on an online dating site. She discovers her old boyfriend, now a widower, and tries to contact him; the complications multiply from there. Once again, Coben has expertly constructed and then dismantled a time bomb of a plot."Booklist 399.
