It in just one of the most popular ebook. It usually fails to price an excessive amount of. You will not really feel monotony at any moment of your time (that's what catalogues are for about when you check with me).

Brand New Book ***** Print on Demand *****.IT was a gala night at the National Opera House, and the theatre was crammed from floor to roof, for Melba was sustaining a new part, and all London had gathered to listen. It was rarely indeed that so fashionable an audience assembled in February. The boxes were ablaze with diamonds. On the grand tier, however, there was one box which was not filled with gaily garbed women and which attracted attention by the fact that its sole occupants were a girl and two men. Though she was quietly dressed and wore no ornaments except flowers, nevertheless a good many women envied May Haredale; for the box belonged to Raymond Copley, who was quite the last thing in the way of South African millionaires. He was a youngish, smart-looking Englishman of the florid type, was becoming known as a sportsman and, according to all accounts, was fabulously rich. He was supposed to have discovered diamonds in Rhodesia, a stroke of fortune which put him in a position, it was alleged, practically, to dictate terms to the De Beers Company, and those in the know in the City declared he had come out of a negotiation for amalgamation with two millions of money in his pocket. Be that as it may, he had purchased a fine old estate within twenty miles of London, and lavished large sums upon his racing stud, and people began to court his acquaintance. He was on very friendly terms with his near neighbour, Sir George Haredale, of Haredale Park, which accounted for the fact that the Baronet and his only daughter were availing themselves of Copley s hospitality that evening.
