paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Paperback Pages Number: 304 Language: Chinese. Materials to learn of this. due to limited space. it can not be knowledge points to elaborate. Teachers in the classroom by teaching time constraints. can not compensate for this defect. Book to fill the lack of patch materials and classroom teaching. It has two prominent features. One. expected to preview and review after class finishing. to help improve classroom learning. School students did not understand the book is equal to a good teacher. please return home. Second. the middle level students have this feeling: usually learn to feel good. but an exam. there are always some of the topics usually do not. The reason is the content of the examination more difficult than the textbook requirements. The book is to fill the gap between textbooks and examinations. examination requirements. textbook knowledge to conduct a comprehensive mining and upgrading. so that the students in the examination can be condescending. Handy. Each discipline has its own characteristics. we strive to reflect the personalization features. The book's main features are: exhaustive example the type of inductive problem-solving approach. Example topics of the book according to the different presentation of the knowledge to choose a type of setting an example. Example not only covers this section. all knowledge. but also includes the presentation of this knowledge. students encounter in the exam. each question to find similar kinds of questions in the example. Example explanation by the analysis of the answer Comments of three parts. The analysis focuses on analysis of the subject's problem-solving ideas. Problem-solving strategy. as well as the optimal choice of methods. Answer is a standard problem solving process of this title. Comments to...
