Brand New Book ***** Print on Demand *****.Excerpt from The Coast Survey: Reply to the Official Defence of Its Cost, Abuses and Power To the Editor of the N. Y. Times: Whenever a defence of the present arrangement of the Coast Survey appears, which is made up of nauseating commendation of the head of that establishment, and indiscriminate abuse of all who believe that his peer may be found among living men, and especially among the officers of our army and navy; in which feigned issues are met and real ones avoided, and the whole resting upon no foundation but studied and extended falsification and forgery of an antagonist s statements; dullness itself will not be at fault in determining its authorship. The official reply to the observations of B. B., signed Public Documents, and printed in your issue of 10th ult., so far transcends, in such particulars, all former efforts from that quarter to mystify and pervert the truth, that one might well claim to be excused from answering it at all. Still, in view of its by authority character, and because the document tampered with, happens to be not of the sort which will subject the falsifier of it to indictment by a grand jury, the point of exemption will not be pressed.
